

International Journal of Environmental Science and Development

CONTENTS

Volume 14, Number 5, October 2023

- Using Multicriteria Statistical Analysis for Interpreting the Spatiotemporal Fluctuations of Surface Water Quality in the Vietnamese Mekong Delta Province271
Nguyen Cong Thuan and Huynh Cong Khanh*
- Greenhouse Gas Emissions from Deboned Milkfish Production in Thailand280
Prisna Pianjing
- The Effect of Acetic Acid and Hydrochloric Acid as a Solvent for Chitosan to Reduce Turbidity in Eutrophic Water287
Utami Irawati, Fauziah A. Hikmah, and Ahmad B. Junaidi*
- Short-Term and Long-Term Rainfall Forecasting Using ARIMA Model292
M. M. H. Khan, M. R. U. Mustafa, M. S. Hossain, S. Shams, and A. D. Julius*
- Potential for Energy Efficiency Improvements to Reduce Greenhouse Gas Emissions in Thailand's Industrial Estates299
Varoon Raksakulkarn, Wongkot Wongsapai, Sopit Daroon, Chaichan Ritkrerkkrai, Tassawan Jaitiang, Waranya Thepsaskul, Phitsinee Muangjai, and Orapun Chaikwang*
- Development of Ambiance Air Recirculation Unit for Air Quality Monitoring in Lecture & Laboratory Rooms304
Nelson S. Andres, Angelo N. Rodriguez, Dan William C. Martinez, Cristina G. Rivera, Albert C. Tria, and Cunard Kristoper B. Magbag*
- Evaluation of Spatial and Temporal Air Quality Variation in Southern Vietnam Using Multivariate Statistical Approaches309
Nguyen Thanh Giao and Le Thi Diem Mi*
- Diversity and Succession of Perennial Trees in the Rehabilitation Areas of a Limestone Mine, Saraburi Province, Thailand322
*Wathinee Suanpaga, Rossukorn Majan, Sakan Teejuntuk, and Roongreang Poolsiri**
- Application of Palm Kernel Shell Granular Filter Medium for Decolourisation and COD Removal from Clarified Palm Oil Mill Effluent329
Eric Awere, Peter Appiah Obeng, and Alessandra Bonoli*
