

International Journal of Environmental Science and Development

CONTENTS

Volume 7, Number 4, April 2016

• Environmental Pollution Control

- Comparative Evaluation of Acid and Basic Thermo-Chemical Treatments in the Production of Adsorbents Based on Biodiesel Production Solid Residue.....234
Tatiana M. Barbosa, Adriana S. Franca, Leandro S. Oliveira, and Ramon M. Valle
- A Comparison of Fractal Dimensions of Clay and Humic Acid Floccs under Optimum Coagulation Conditions240
Hira Amjad and Zahiruddin Khan
- Combined Removal of an MTBE and BTEX Mixture Using Indigenous Microbe Immobilized on Waste Silica Gel.....244
Fei Xie, Qihong Lu, Renata Alves de Toledo, and Hojae Shim
- Combined Electrocoagulation, Electrolysis and Photocatalysis Technologies Applied to Ship Sewage Treatment248
Yu Qing, Yu Hang, Liu Xuelei, Wang Hui, and Xu Shu
- A Novel Biological Method for Sludge Volume Reduction by Aquatic Worms.....253
Yalda Basim, N. Jaafarzadeh, and M. Farzadkia
- The Effectiveness of Pretreatment Methods on COD and Ammonia Removal from Landfill Leachate.....257
M. Poveda, Q. Yuan, and J. Oleszkiewicz
- The Dechlorination Reaction of Food Waste and Growth Changes of Lettuce through the Utilization of Soil Bacteria.....263
Soojung Lee and Seokyeon Chang
- Effect of Air/Biomass Ratio on the Gasification of Olive Bagasse Particles.....269
Ana F. Almeida, Mónica S. Vieira, Albina M. Ribeiro, Isabel. M. Pereira, Maria P. Neto, and Rosa M. Pilão
- #### • Environmental Sustainability
- Chemical and Physical Properties of Seawater-Neutralized Bauxite Residue Mud and Sand and the Effects of Leaching.....273
Y. Li, R. J. Haynes, Y.-F. Zhou, and I. Chandrawana
- Green Building Materials Market-Growth, Trend and Opportunity: South Asian Perspective.....278
Mridu Pavan Chakrabarty and Nitin Lekhwani
- Does Compact Urban Development Foster Environment Sustainability?.....285
Yuan Li-Ke

• **Environmental Pollution Assessment**

Black Carbon and Particulate Organic Toxics Emitted by Sugarcane Burning in Veracruz, México.....290
*Violeta Mugica-Álvarez, Sandra Ramos-Guizar, Naxieli Santiago-de la Rosa, Miguel Torres-Rodríguez,
and Luis Noreña-Franco*

• **Environmental Ecology**

Bathymetry Determination from High Resolution Satellite Imagery Using Ensemble Learning Algorithms in
Shallow Lakes: Case Study El-Burullus Lake.....295
Hassan Mohamed, Abdelazim Negm, Mohamed Zahran, and Oliver C. Saavedra

The Effects of Environment Parameter on the Decay of Total Residual Oxidant in Neutral Electrolyzed Sea
Water.....302
Dongxia Duan, Ping Yao, Guangzhou Liu, Xuelei Liu, and Hui Ding

Climate Change Impacts on the Common Swift in South Africa.....306
Danni Guo, Gina Zietsman, and Philip A. R. Hockey

Ecological Risk Assessment of Land Use Change in the Northeast China: A Case Study of Linjiang Area.....312
Taohong Zou, Jiquan Zhang, and Kunihiro Yoshino
