

International Journal of Environmental Science and Development

CONTENTS

Volume 7, Number 5, May 2016

• Environmental Pollution Control

Environmentally Friendly Magnetic Refrigeration Technology Using Ferromagnetic Gd Alloys.....316
Akiko T. Saito, Tadahiko Kobayashi, Shiori Kaji, Jing Li, and Hideki Nakagome

Decolorization of Pulp and Paper Mill Effluents Using Wood Rotting Fungus *Fibrodontia* sp. RCK783S.....321
Torpong Kreetachat, Onnapha Chaisan, and Pilanee Vaithanomsat

Photocatalytic Degradation of Methylene Blue by Magnetite+H₂O₂+UV Process.....325
Khan M. Reza, Asw Kurny, and Fahmida Gulshan

Cost Benefit Analysis of Air Pollution Abatement Options in the Ger Area, Ulaanbaatar, and Health Benefits Using Contingent Valuation.....330
O. Enkhtsolmon, T. Matsumoto, and Erkhembayar Tseveen

Cooling Properties of Gd Alloys and La(Fe,Si)₁₃-Based Compounds in Active Magnetic Refrigeration for Environmentally-Friendly Cooling Systems.....335
Akiko T. Saito, Tadahiko Kobayashi, Hidehito Fukuda, Ryosuke Arai, and Hideki Nakagome

Assessment of Mercury Flows through Fluorescent Lamps and Potential Reduction Scenarios in Thailand...340
Manaporn Wongsoonthornchai, Suphaphat Kwonpongsagoon, and Ruth Scheidegger

Determination of the Optimal Dosage of Aluminum Sulfate in the Coagulation-Flocculation Process Using an Artificial Neural Network.....346
A. J. León-Luque, C. L. Barajas, and C. A. Peña-Guzmán

Isolation and Characterization of Atrazine-Degrading *Xanthomonas* sp. ARB2 and Its Use in Bioremediation of Contaminated Soils.....351
Sopid Sawangjit

A Study on the Utilization of the Earthworms *Eisenia fetida* and *Eisenia andrei* for the Disposal of Polymers355
Hyunseong Kim

• Environmental Meteorology

Impacts of Cumulus Convective Parameterization Schemes on Precipitation at Grey-Zone Resolutions: A Case Study over Complex Terrain in upper Northern Thailand.....359
Sittichai Pimonsree, Phakawan Ratnamhin, Patipat Vongruang, and Sulak Sumitsawan

• Environmental Sustainability

Encapsulated Embryogenic Callus of *Clitoria ternatea* L. for Regeneration and Conservation.....363
Noraini Mahmud, Rosna Mat Taha, Rashidi Othman, Hashimah Elias, and Azani Saleh

A Study of Waste Management of Households in Ulaanbaatar Based on Questionnaire Surveys.....	368
<i>G. Delgermaa and T. Matsumoto</i>	
Austrian Sustainable Building Policy Lessons for Turkey.....	372
<i>Hatice Kalfaoğlu Hatipoğlu</i>	
Façade Optimization in a Wind-Driven Ventilated Residential Building Targeting Thermal Comfort, IAQ and Energy Consumption.....	379
<i>S. Marzban, L. Ding, V. Timchenko, and M. Irger</i>	
• Environmental Pollution Assessment	
Levels of Road Traffic Heavy Metals in Tree Bark Layers of <i>Cassia fistula</i> Tree.....	385
<i>Rungruang Janta, Somporn Chantara, Angkhana Inta, Munetsugu Kawashima, and Kenichi Satake</i>	
Assessment of Environmental Burdens of the Current Disposal Method of Municipal Solid Waste in Kuwait vs. Waste-to-Energy Using Life Cycle Assessment (LCA).....	389
<i>Ayed A. Al-Fadhli</i>	
Contamination Composition of Fe, Mn and Al at 8 Different Profiles of Solid Waste Disposal Areas in Malaysia.....	395
<i>Rashidi Othman, Qurratu Aini Mat Ali, and Razanah Ramya</i>
