# International Journal of Environmental Science and Development

## CONTENTS

**Volume 8, Number 7, July 2017**

- **Environmental Energy Engineering**
  - Potential of Martensitic Stainless Steel X5CrNiCuNb 16-4 as Pipe Steel in Corrosive CCS Environment........466  
    - Anja Pfennig and Axel Kranzmann
  - Calorific Optimization Design of Waste Biomass Using Response Surface Method (RSM).......................474  
    - Jin Kyung Jo, Yong Gyun Jin, Eun Ji Jo, Wan Soo Hyeon, Seon Woong Min, and Woon Ho Yeo
  - Effect of Ambient Air Temperature on the Performance of Steam Generator........................................479  
    - Hadyan Fahad Alajmi

- **Computer Aided Environmental Management**
  - Sustainable Watersheds: Assessing the Source and Load of Cisadane River Pollution.................................484  
    - Adipati Rahmat Gumelar, Abimanyu Takdir Alamsyah, Ida Bagus Hendra Gupta, Darul Syahdanul, and Daniel Mambo Tampi
  - Dynamic Model to Reduce the Impact of Climate Change on the Environment and the Economy..................489  
    - Lina Warlina and Sri Listyarini
  - The Development Model of the Policy Alternatives in Controlling Air Pollution in the Jakarta Province, Indonesia.................................................................496  
    - Sri Listyarini and Lina Warlina
  - Introducing Ensemble Methods to Predict the Performance of Waste Water Treatment Plants (WWTP)..........501  
    - Bharat B. Gulyani and Arshia Fathima

- **GIS and Resource Management**
  - Application of Geographic Information System (GIS) in Hydropower Resource Assessment: A Case Study in Misamis Occidental, Philippines.................................................................507  

- **Environmental Psychology**
  - Analysis of the Environmental Design and Quality to Increase Human Performance and Behavior........512  
    - Amalia Suzianti, Jessica Suradi, Hutami Nadya, Felisa Fitriani, Mhd. Faiq Pradilla, and Nabila Priscandy Poetri

- **Environmental Pollution and Health**
  - Assessment of Arsenic Concentrations and Estimated Daily Intake of Arsenic from Rice (*Oryza sativa*) in Ron Phibun District, Southern Thailand........................................517  
    - Pornpun Phimol, Parichart Visuthismajarn, Chitsan Lin, and Sanae Rukkur
Environmental Impact of Coal Clay Brick Kiln Exposure on the Reproductive Health of Children and Adult Male Workers

Saadia Shahid, Adila Zafar, and Sarwat Jahan

Airborne Fine Particulate Emissions from Construction Activities

Carolyn Payus, Lai Yu Mian, and Norela Sulaiman

• Environmental Management and Aquaculture

Selected Heavy Metals in *Penaeus vannamei* (White Prawn) in Aquaculture Pond near Likas Lagoon, Sabah, Malaysia

Wei Peng Lee, Carolyn Payus, Siti Aishah Mohd Ali, and Leong Wan Vun

Perceptions of Relevant Stakeholders towards the Impact of Climate Change Policy on Aquaculture Activities in Malaysia: Some Preliminary Findings

Chee Sheng Woon, Carolyn Payus, Leong Wan Vun, and Wei Peng Lee
